

?How to monetize your game server.

To monetize your game server, you can install [Tebex](#) onto your server, which gives your server a website for players to be able to purchase in game items, ranks and more!

Create a [Tebex](#) account

Create a [Tebex](#) account and install it onto your server by heading over to <https://www.tebex.io/>

On this page you can customise your stores website to fit your needs!

After installation, you will have to link it from your Minecraft, Rust or FiveM server to the tebex page. There will be clear steps to show you how to do this
