

?What is a Partnered Server on AtomicHost?

A partnered server is a server that is ran on AtomicHost that is not owned by us, but by a member of the community. We choose these servers based of how well built and how enjoyable they are.

Partnered Servers are essentially to show new members what can be done with AtomicHost, and how they can do the same!

What benefits do you get from being a partner with AtomicHost

- You will get priority support
 - You will get featured on the front page of AtomicHost
 - You may get a heavily discounted price
 - You will get early access to features and tools
